漆器的保養

At TREE we have a range of lacquerware in all shapes and sizes to suit your style and space!

A little about lacquer

Producing traditional lacquer is a complicated creative process. This handicraft has a long tradition in Vietnam where each TREE lacquer piece is hand-made and the whole process can take 90 days to complete!

How to care for your lacquerware

Modern, natural and functional, these lacquerware pieces are all made from bamboo and coated in lacquer in a myriad of vibrant colours. Lacquer is traditionally quite delicate and can chip with rough handling so caring for your lacquerware just needs a little extra tender loving care to keep them in tip top condition.

Lacquer can be a little sensitive to heat, therefore please do not use in the microwave or oven, they should be used for serving cold or warm foods only.

Cleaning your lacquerware is quick and easy. As it's a natural product, please avoid using abrasive cleaners. All you need is a soft sponge and luke warm soapy water to give it a good wipe down. Please do not clean your lacquer in the dishwasher, use hot water or leave to soak as this may cause damage to these pieces.

Keep your lacquerware stored away from direct sunlight and extreme heat to avoid fading and you will always have beautiful, dependable, earth friendly lacquerware!

TREE提供一系列不同形狀和大小的漆器去迎合您的風格和需要。

關於漆器

傳統漆器的製作程序繁複。每件皆人手製造，獨一無二。整個製作過程長達90天！

怎樣保護您的漆器

漆器全以竹製，再塗上奪目的顏色，每件製品既時尚又天然實用。普遍來說，漆器比較易崩裂。但只要對它多一點的照顧，便能讓它保持最佳狀態。

漆器對溫度比較敏感，所以不適合用來盛放太熱或太冷的食物。

清潔漆器快捷容易。因為它是天然產物，所以應避免使用化學品或具腐蝕性的清潔劑。只需要柔軟的海棉和溫暖的肥皂水便可以，非常簡單。

把您的漆器貯存在沒有陽光直接照射或過熱的地方可防止褪色。從此您便可以安心享用漂亮、可靠及環保的漆器。

enjoy your new TREE lacquerware!

請放心使用TREE的漆器！
